

Presentation Proposal

The AGA Conference Committee appreciates topic ideas from our membership and non-members for presentation at our Tucson or Las Vegas conferences and webinars. Submissions will be reviewed by the committee for content and interest to our audience. Scientific data should be carefully vetted for accuracy. Presentations are to be educational, not promotional in nature. AGA seeks an international representation of presenters on material relevant to gemologists and industry professionals.

Social Media to be used to market your AGA presentation: (facebook, linkedIn, Instagram)

Brief description:

The AGA prides itself on providing hands-on opportunities for our audience in the form of materials examination or equipment demonstration. We realize that not all presentations allow for this and it is not a requirement for consideration.

Does this presentation allow for hands-on opportunities?

If so, please describe:

Do you allow AGA to record this presentation?

Thank you for approaching the AGA with your important educational presentation.

AGA is a non-profit educational organization and does not compensate speakers for expenses incurred.
